Yesterday was a remarkable business day for the John N. Taylor Garage Co. It was made a big day by the sale of five DODGE CARS. Mr. McMillan, manager of the company said that this is the start on an extended demand for DODGE CARS. The explanation is this, he said: This best MEDIUM PRICED car in America is going on the market at a wonderfully reduced price which will allow the manufacturer a small margin of profit, but will be justified by great sales. Count the number of new Dodge cars you see around town. The public knows. —Adv.
